OLGA KAGANOVICH

UI/UX Designer

olga.kaganovich11@gmail.com • Tel Aviv, Israel

PROFILE

Product-focused UI/UX designer with six years of experience creating digital products, brand systems and motion across SaaS, e-commerce and FMCG. I translate complex requirements into clear flows, polished interfaces and scalable systems, working closely with product, engineering and marketing from discovery through handoff. I use AI-assisted workflows to accelerate exploration and specification without compromising design judgement or craft.

CORE COMPETENCIES AND TOOLS

Core: Product Design · UX Strategy · Design Systems · Interaction Design · User Research and Validation · Responsive UI · Rapid Prototyping · Engineering Collaboration · Brand and Visual Identity

Tools: Figma · Adobe Illustrator · Photoshop · InDesign · After Effects · Webflow · HTML/CSS basic · Claude · Codex · Cursor · Midjourney · Kling

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer · JM Agency — 2023–2026

- Led end-to-end product and interface design for 10+ FMCG and technology clients, from discovery and user flows to polished UI and engineering handoff.
- Used Figma and AI-assisted workflows to accelerate specification, exploration and concept validation across multiple directions.
- Built brand systems, UI assets and campaign creatives; coordinated with marketing and development teams through delivery.
- **Selected work:** fitness product, healthcare platform and conversion-focused e-learning experience.

Graphic and UI Designer · Avocado Agency — 2022–2023

- Created packaging, brand identities and digital campaigns for consumer brands across print and digital formats.
- Designed mobile and web interfaces with development teams and produced motion graphics for digital and physical environments.
- Managed campaign production from layout and adaptation through final delivery.

Freelance Designer · Independent — 2019–2022

- Created visual identities, brand books and packaging for startups and HoReCa clients, coordinating print and digital production.
- Designed landing pages, email campaigns, social content and multi-format marketing assets.
- Collaborated with developers on websites and mobile interfaces, bridging design intent and implementation.

SELECTED PROJECTS

Fitera
End-to-end fitness product: onboarding, coach/client journeys, progress tracking and a scalable UI system.

Big Fish HR Forum
Event identity and campaign system carried across digital content, print, motion and the live stage.

Beauty Academy
Brand architecture, service identity, production guidelines and selected physical applications.

New Film College
Admissions-focused digital experience, responsive interface direction and an English identity adaptation.
